

Physical Development

We will be exploring a range of tools to draw and write with. We will use different sized paper and use mark making symbols.

When we are playing in the early years garden we will be getting better at movements such as, balancing, hopping and jumping off objects.

Understanding the World

We will make turnip soup and notice what happens to the vegetables when we blend them together.

As the weather changes we will talk about what we wear in winter and why we wear these clothes.

We will be exploring forces by pushing and pulling large objects in the early years garden

Communication and Language

We will be developing our vocabulary as we read the story 'The Enormous Turnip'. We will play listening games to identify everyday sounds and to develop our listening skills.

Seals Our Learning Journey

Autumn 2

Literacy

We will be retelling the story 'The Enormous Turnip'. We will act out the story, pretending to be the characters and use a story map to help us to remember the main parts of the story.

We will be having a go at writing some of the letters that are in our name.

Personal, Social and Emotional

We will begin to talk about how we are feeling and name the emotions, happy, sad, angry and surprised. We will try to recognise how the other children are feeling.

We will start to brush our teeth everyday in school, learning about the importance of hygiene and looking after ourselves.

Mathematics

We are comparing the size of different objects.
We are counting small groups of objects and recognising that the final amount is the total. We are using our fingers to show numbers up to 5.

Challenge me at home to...

Put my coat, gloves and hat on by myself.
