

Physical Development

We are exploring mark making tools to make pictures and drawings. We are developing good control when holding these tools.

We are becoming more confident in using the climbing and large equipment in our new garden.

Understanding the World

We are getting to know each other by talking who we live with and our families.

We will be looking at photos of our families - please look out for a message from the nursery team with information about how to send these to us.

We will be baking currant buns as we learn the song '5 currant buns'.

Communication and Language

We are learning how to follow simple instructions throughout our nursery day.

We are using our words to express what we would like to play with.

Seals

Our Learning Journey

Autumn 1

Literacy

We are learning lots of new nursery rhymes this half term and will start to learn actions to go with them.

We are also listening to lots of stories throughout the day.

Personal, Social and Emotional

We are becoming more independent by carrying our own bags into and out of nursery.

We are trying to put our coats on by ourselves and also trying to put our shoes on.

We are learning each other's names and trying to use them when talking to each other.

Mathematics

We are talking about how old we are using the phrases 'I am 3' or 'I am 4'.

We are singing number and counting songs.

Challenge me at home to...

Put my coat on by myself and make attempts to get myself dressed.
