

School Improvement Plan 2025-26

To embed and expand upon the current principles of writing teaching to ensure more children are prepared for the next stage of writing in each year group across the school

To deliver a high-quality curriculum with equality, diversity and inclusion to ensure we meet the needs of the changing whole school community

To create a culture of true whole school leadership for all pupils and staff through the implementation of the 'Guided pathway for leadership'

To embed a strong and rigorous assessment framework across the foundation subjects, to ensure children know and remember more

To embed a culture of behaviour for learning through the introduction of the learning modes
